STATEMENT:

I'm running for state house to bring common sense back to Juneau. Since first coming to Alaska in 1966, Alaska has been my home. I raised my family here, grew a business, and stayed committed to giving back to the state that has given me so much.

Now, more than 50 years later, I am concerned for the future of our great state. Through a succession of administrations and legislatures, our state government has squandered so much of the wealth and opportunities granted to Alaska at statehood. We must use the last of our riches wisely and build a foundation for a sustainable economy.

Like most Alaskans, I don't fit neatly into the box of one political party. I believe in:

- Investing State Funds in What Matters
 - first-world transportation, communications, and energy infrastructure
 - education and training opportunities so Alaskans are prepared for the jobs of today and the future
- Promoting Alaska's Resource Industry, the Backbone of our Economy
- Protecting Individual Privacy and a Woman's Right to Choose
- Protect a responsible PFD

Twenty-two years ago, my wife Carol and I built our current home on the Hillside, and every day we appreciate the awesome views, the wildlife in our yard, and our wonderful neighbors. I would be honored to serve you in Juneau, working to build a better future for our district and for all Alaskans. I thank you for your vote and your support.
